- (B)** Top/Bottom Panel
- (C)** Back Panel
- (D)** Shelf
- (E)** Door

Assembly

1

We recommend using PVA glue for an additional bond - simply run a bead of glue along each joint line during assembly

Carefully align front edges

2

3

4

Slide back panel C into place

5

Press end panel A into top/bottom panel B and gently tap with a mallet

6

Insert shelf studs

7 Gently tap leg boss into place

8 Insert adjustable legs into leg boss

9 Slide shelf D into position

10 Attach plinth clip to plinth

11

Slide circular leg clip into plinth clip

12

Fix plinth into place

13

Attach hinge mounting plate to inside of end panel A

Ensure the front edge faces forward as shown

14

Ensure the hinge arm is at 90 degrees to the door before fixing in position with 15mm screws as shown
